

UMEÅ UNIVERSITY

Application Procedure Spring Term 2019

A nomination e-mail with application instructions will automatically be sent to the student's e-mail once the nomination is submitted. The nomination e-mail contains a link to our courses in English offered to exchange students. If your students are going to apply for courses given in Swedish, please ask them to contact us at incoming.io@umu.se as soon as possible and well in advance before the application deadline 15 October.

The following must be considered before the course application is submitted:

- *Courses should only be selected from the course web page for exchange students*

In the nomination e-mail your student will receive after the nomination has been submitted, application instructions and a link to the course web page for exchange students can be found. It is important that your students only choose courses from this page. If a course application is made directly at universityadmissions.se, the application will not be considered a part of the exchange and there may be a requirement to pay tuition fees.

- *Courses should not clash!*

According to the Swedish study system full-time courses (100% tempo) are taken one at a time rather than parallel. Therefore, it is important to carefully check which week each course starts and ends. More information about the study duration can be found on the course web page.

- *Course changes are very restricted*

Note that course proposals will be quite fixed and binding so it is important to choose courses carefully. We have no add/drop period and course changes after the deadline are very restricted.

- *Course requirements*

The specific requirements and the study duration for each course is stated on the course web page and are found by clicking on the course name in the list of courses. **The requirements are not just a recommendation; it is necessary to fulfil them.**

- *The course selection must be approved by the home university*

Please make sure to approve of the selected courses before the application is submitted.

General study model

Alternative 1	Course 1, 7.5 ECTS	Course 2, 7.5 ECTS	Course 3, 7.5 ECTS	Course 4, 7.5 ECTS
Alternative 2	Course 1, 15.0 ECTS		Course 2, 15.0 ECTS	
Alternative 3	Course 1, 30.0 ECTS			
Alternative 4	Course 1, 7.5	Course 2, 7.5 ECTS	Course 3, 15.0 ECTS	
Alternative 5	Course 1, 15.0 ECTS		Course 2, 7.5 ECTS	Course 3, 7.5 ECTS

UMEÅ UNIVERSITY

- *30 ECTS per term is considered full-time studies*

The number of credits a student can be admitted to is restricted to 30 ECTS per term, which equals full-time studies. Students who require a residence permit must be admitted to 30 ECTS.

Note that a student cannot get a residence permit for distance learning studies.

If students are admitted to 30 ECTS the exceeding courses that the student has applied for will be dropped, with the exemption of *Swedish for International Students, Beginners' Course I* and *Swedish for International Students, Beginners' Course II*. These courses can be selected in addition to 30 ECTS in other subjects.

- *Courses must be listed in order of preference*

It is possible to select a maximum of eight courses from the course web page. Since the restriction is 30 ECTS per term it is important that the student list all courses in order of preference.

Accommodation information

Accommodation is offered to all exchange students. Priority is given students with 15 ECTS or more. Exchange students who have been admitted to Umeå University for the spring term 2019 will receive an Offer of Housing in the middle of November. More information about our student housing can be found here:

www.umu.se/en/education/accommodation/student-housing/

Any questions concerning housing should be addressed to housing@umu.se

Insurance

All exchange students are covered by an insurance policy, Student IN, covering necessary and reasonable costs for emergency health care and emergency dental care. The insurance also covers damage to property. Please note that the insurance amount is restricted for emergency dental care and property damage. Travel outside of Sweden is not included in the cover. For full details about the Student IN insurance please visit:

www.kammarkollegiet.se/en/insurance-students-and-state-employees/student-insurance/student-exchange-students-sweden.

If the insurance is not sufficient students should take out their own insurance policy.

EU/EEA citizens are required by the Swedish authorities to bring the European Health Insurance Card to Sweden. They are requested to contact their local National Health Insurance Institution for the required documents, before coming to Sweden.

Note: Exchange students are, no matter nationality, strongly advised to have their own Health, Travel and Accident insurance policy.

UMEÅ UNIVERSITY

Arrival Day

The recommended arrival day for the spring term 2019 is 20 January (for students who have accommodation through the International Housing Office). The Orientation is scheduled for 21 January.

Questions?

If you or your students have any questions, you can check our FAQ where you may find the answers you need:

<https://www.umu.se/en/education/exchange-students/frequently-asked-questions/>

Important information can also be found in our International Student Guide:

www.umu.se/english/education/student-handbook

You are always welcome to contact us if you have any other questions.
