Closing Date is
15 March 2026

CAREER OPPORTUNITIES

Our graduates have a wide range of career paths. They may work in universities, institutes and government agencies as Research Scientists or work in various industries such as finance, healthcare, manufacturing, science and technology as Quantitative Analyst, Operations Research Analysts, Investment Analyst, Actuarial Analyst, etc. Some graduates may choose to pursue advanced studies.

PROGRAMME STRUCTURE AND CANDIDATURE

Students are expected to read the MSc in Mathematics by Coursework 3+2 programme on a full-time basis.

To graduate from the programme, the students must complete 80 units. They can expect to complete the programme within 4 – 6 semesters (2 – 3 years).

Master of Science in Mathematics 3+2 Programme

Admission 2026

OVERVIEW

The Department of Mathematics has been ranked 1st of Asian universities and among the top worldwide according to the QS World University Rankings by Subject. The Department offers diverse and vibrant graduate programmes in mathematical sciences. Faculty members' research covers all major areas of contemporary mathematics.

The department has been collaborating with several leading universities to offer the MSc in Mathematics (joint education) programme or "3 + 2 programme". This is a coursework programme specifically designed for students from participating universities.

ADMISSION REQUIREMENTS

An applicant must have:

Completed the third year of their Bachelor Programme at any of our partner university.

Obtained a minimum GPA of 3.0 on a 4.0 scale.

Achieved a minimum overall score in one of the following:
TOEFL: 85 or IELTS: 6

This requirement applies to applicants from countries whose native language is not English and whose medium of university instruction is not completely in English.

TOEFL or IELTS Test scores must be valid for 2 years and should not have expired at the point of application.

TUITION FEE
